

Medical Certificate *for* Climate Health

*People of Aotearoa New Zealand
Every Street,
Every Settlement, Town & City*

To whom it may concern,

This is to certify that the school students and supporters of Aotearoa, New Zealand, will be absent from school and work on **Friday 3rd March**, due to a significant health issue.

The World Health Organisation lists climate change as one of the greatest threats to human health of the 21st century. We, as health professionals, support all students and supporters taking the necessary steps to stand up for and protect their future health.

Signed: OraTaiao Date: **03/03/2023**

Disclaimer: This is not a legal medical certificate.
