

# Ngā Wānanga Pae Ora

Online consultation

**Te Aka Whai Ora**  
Māori Health Authority

 **MANATŪ  
HAUORA**  
MINISTRY OF HEALTH

# Purpose

Reaffirm the hauora aspirations and whakaaro you may have shared with us before

Look back and reflect on our progress to inform our journey ahead

Hear any additional priorities, opportunities or issues to achieve pae ora, healthy futures for Māori

Collaborate with whānau and the Māori health sector on the development of a range of strategies

# Legislation building towards pae ora

- The Pae Ora (Healthy Futures) Act 2022 establishes a legal framework for a highly devolved health system driven by local needs and aspirations for hauora Māori, providing a **new context for hauora Māori strategy and policy** and strengthening commitments to Te Tiriti o Waitangi.
- New provisions provide for the Crown's intention to give effect to the principles of Te Tiriti o Waitangi, including the introduction of:
  - health sector principles
  - Hauora Māori Advisory Committee
  - Te Aka Whai Ora
  - Hauora Māori Strategy – to be developed jointly between Manatū Hauora and Te Aka Whai Ora
  - Iwi-Māori partnership boards (IMPBs)
  - priorities for hauora Māori to be set out in the Government Policy Statement.
- Together, all health entities hold responsibility for putting Te Tiriti o Waitangi into action, delivering equitable health outcomes, addressing racism, and building the conditions for pae ora.

# Setting the strategic direction

New Zealand Health Strategy  
Hauora Māori Strategy

Pacific Health Strategy  
Health of Disabled People Strategy  
Women's Health Strategy  
Rural Health Strategy

*\*Health Workforce Strategy*

**Building on He Korowai Oranga  
and Whakamaua: Māori Health  
Action Plan 2020-2025**

# Four high level outcomes guide us toward **pae ora**

---

## OUTCOME | 1

Iwi, hapū, whānau and Māori communities can exercise their authority to improve their health and wellbeing.

## OUTCOME | 2

The health and disability system is fair and sustainable and delivers more equitable outcomes for Māori.

## OUTCOME | 4

The inclusion and protection of mātauranga Māori throughout the health and disability system.

## OUTCOME | 3

The health and disability system addresses racism and discrimination in all its forms.

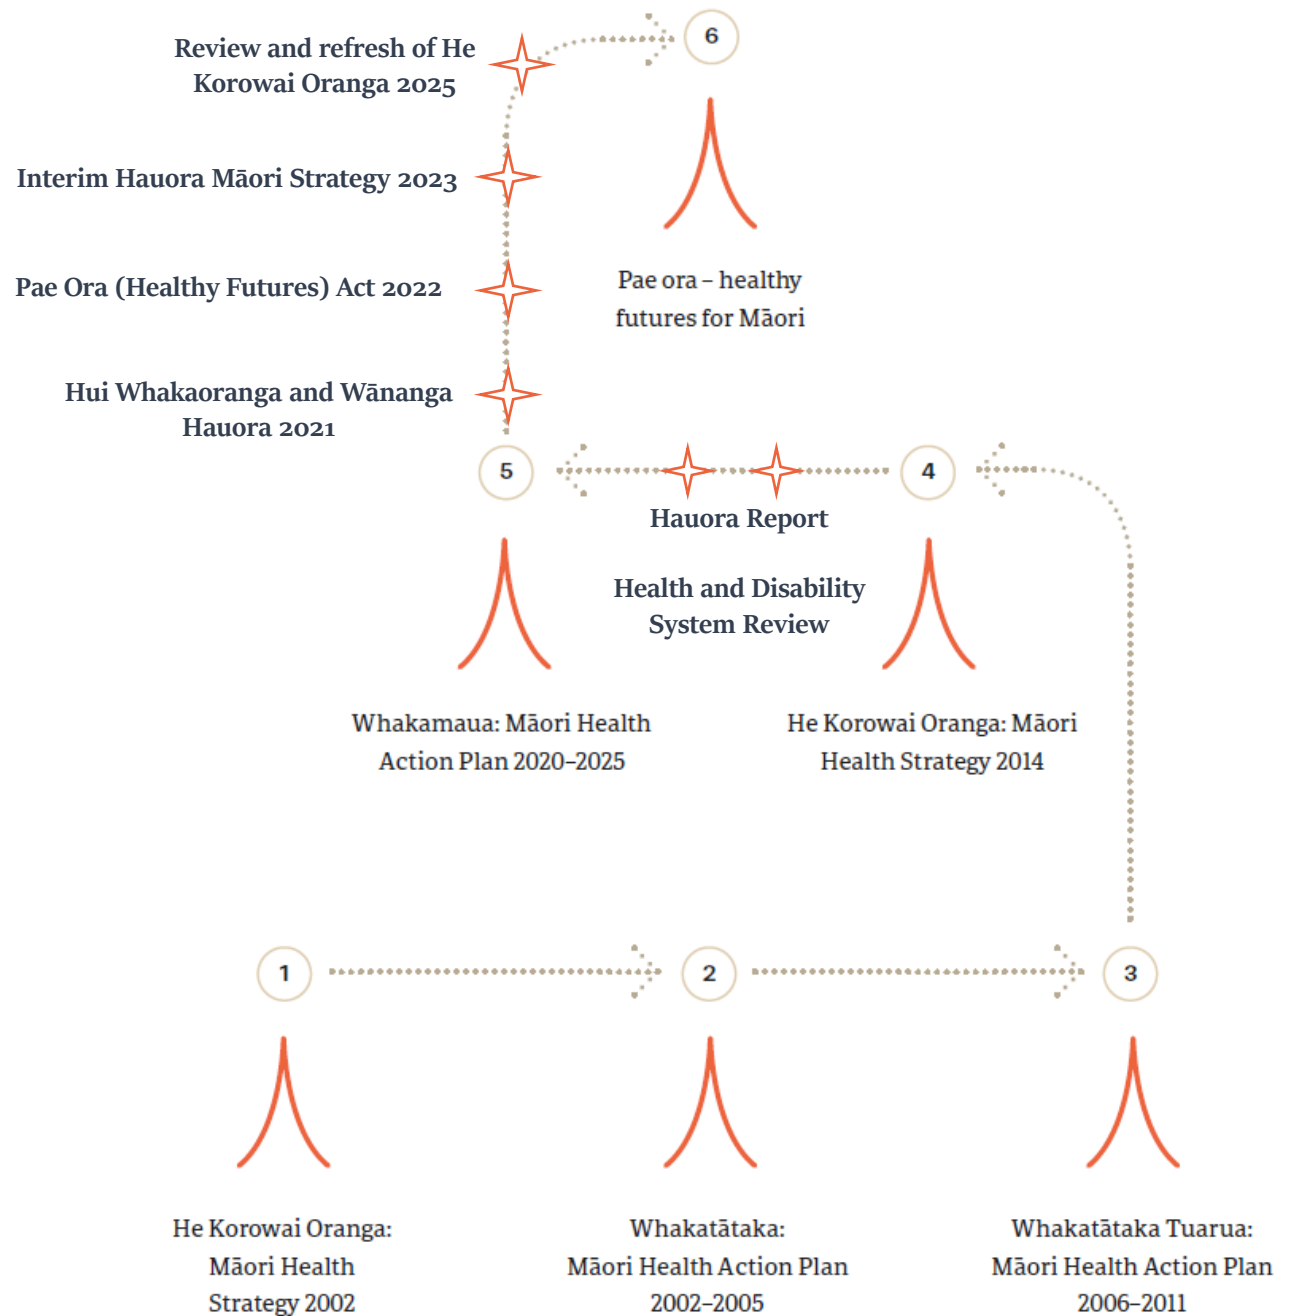

# Titiro whakamuri, kōkiri whakamua

---

Looking back to reflect  
before moving forward

# Te whakapapa o tēnei kaupapa

# Whakamaua: Māori Health Action Plan 2020-2025

Whakamaua guides the Ministry, the whole health and disability system, and government to give effect to He Korowai Oranga.

Living document expected to evolve in collaboration with stakeholders and future Government priorities/reviews.

Whakamaua means ‘to secure, to grasp, to take hold of, to wear’. It also widely associated with the whakataukī used in this plan.

*‘Ko te pae tawhiti, whāia  
kia tata. Ko te pae tata,  
whakamaua kia tīna – Seek  
out the distant horizons,  
while cherishing those  
achievements at hand.’*

# Building on previous engagement

He kohikohinga o ā koutou  
kōrero me ō koutou whakaaro

# Continuing to work towards Māori aspirations

---

▶ Te Tiriti o Waitangi as the framework

---

▶ Mana motuhake and tino rangatiratanga

---

▶ Embed mātauranga Māori

---

▶ The Māori Health Action Plan is the responsibility of the whole health and disability system

---

▶ Address racism and discrimination at all levels

---

▶ Support for Whānau Ora – the concept and programme

---

▶ Increase focus on hauora Māori – wellness and wellbeing

---

▶ Address cultural safety and competency in the whole health workforce

---

▶ Support Māori workforce capacity and capability

---

▶ Pay parity for Māori health workers

---

▶ Service commissioning and procurement

---

▶ Support for Wai 2575 findings

---

▶ Access to primary care and bigger focus on prevention

---

▶ More Māori in decision-making, leadership and governance roles

---

▶ Māori health equity

---

▶ Accountability requirements

---

▶ More kaupapa Māori services (including rongoā Māori)

---

▶ Address the broader determinants of health

# Continuing to work towards Māori aspirations

## **Tino rangatiratanga and mana motuhake in the health system**

- helped establish eleven Iwi Māori Partnership Boards, and provided more than \$17 million in funding

## **Locally led and centrally supported solutions for hauora Māori**

- Funding to Māori health providers increased by nearly \$200 million between 2016/2017 and 2020/2021, which represents an increase of more than 50 percent
- Māori providers funded through the Delta and Omicron responses delivered more than double the doses of the COVID-19 vaccine to Māori compared with sites without targeted Māori funding

## **Strengthening and supporting Māori health leadership**

- As at 31 December 2022, there were 125 Māori appointed to health statutory roles. This represents 23.5 percent of all appointees and is a greater proportion than Māori in the general population, which is 17 percent

## **Addressing racism and discrimination**

- the Ministry launched Ao Mai te Rā: the Anti-Racism Programme

## **Better insights**

- 31 health-related data sharing agreements with Māori providers, iwi and Māori commissioning agencies
- co-designed a platform called Tātai to collect and hold iwi affiliation data that is owned and governed by Māori. Since going live in September 2021, more than 16,000 Māori have provided over 36,000 iwi affiliations

# Our five focus areas

1

Enabling an anti-racist health system to emerge and flourish

2

Increasing and supporting Māori leadership and decision-making

3

Enabling a collaborative, active learning monitoring approach

4

Driving collective progress to address the wider determinants of health

5

Commissioning for pae ora, healthy futures
